

1st VIENNA WINDOW CONVENTION

WINDOW VISIONS | WINDOW VISIONARIES

STRATEGY + INNOVATION

JUNE, 27 + JUNE 28, 2019

PALAIS HANSEN KEMPINSKI

REETING

Dear Ladies and Gentlemen,

On June 27, 2019, we will be launching the **1st Vienna Window Convention**, under the motto „Window Visions – Window Visionaries“. We wish to make the Vienna convention the annual stage for discussing such topics as strategy and innovation. This year, the gathering will be as international and personal as possible.

The development of the window market has not come about by chance. It is created by people who thrive for ideas, design and implement strategies, and who are willing to take risks. And it is precisely these people who will be the focus of our convention and who will be given center stage. All participants can expect the rare opportunity to share ideas and strategies in a collegial setting.

The first Vienna Window Convention will be showcasing the visions and strategies of the very people who shape this industry. Two top players will be discussing growth strategies between Eastern and Western Europe: **Helmut Hilzinger** (Hilzinger GmbH) and **Harald Pichler** (Arbonia, AFG) successfully manage high-growth window construction companies in Eastern and Western Europe and will be explaining their strategies in depth. In addition, **Eckhard Keill** (Roto Frank) and **Peter Mrosik** (profine) will be presenting innovations and strategies from the point of view of suppliers. Alongside the constantly relevant topics expansion and distribution (Western + Eastern Europe) the great issue of our times, the digitalisation (in sales + in production) will be dealt with. There will also be additional lectures and, above all, two podium discussions that will give visitors the opportunity to share their ideas.

An evening event following a full day of activities will provide the ideal setting for conversation and entertainment. Finally, Vienna was selected as the venue on account of its accessibility to all Eastern and Western European countries. And besides, there are worse places to spend a weekend – following the convention.

I am greatly looking forward to meeting you in Vienna.

Dr. Frederik Lehner

CEO, Interconnection Consulting Group

27. + 28.06.2019 | Palais Hansen Kempinski
