27 - 28 JUNE 2024 | MELIÀ VIENNA

VIENNA WINDOW + SUN PROTECTION CONGRESS

AI. MODULAR CONSTRUCTION. UNDERSTANDING MARKETS.

ABOUT

WFSK | 2024

AI. MODULAR CONSTRUCTION. UNDERSTANDING MARKETS.

The 5th edition of the Vienna Window and Sun Protection Congress will take place from 27-28.06.2024 and will focus on innovation, in-depth analysis and industry-relevant, practice-oriented tools. After all, challenging times require efficient and targeted action.

Current trends in artificial intelligence and modular construction (technology, materials, circular economy) as well as marketing solutions for both sectors (AI-based tools, recruiting, digital marketing) and our "Figures, data, facts - analyses" are fixed components of the congress. Because at the end of the day, it's all about understanding the markets better and reacting accordingly, equipped with the know-how of adequate tools.

We are pleased to introduce you to this year's speakers. As always, there will be discussions and the traditional finale at a Viennese wine tavern. And we will be presenting the WFSK.awards again in 2024!

WFSK | AWARDS

INNOVATION | SUSTAINABILITY | WEBSITE

We recognize special achievements in the areas of sustainability, innovation and website. The competition is aimed at manufacturers and suppliers in both industries. You will find more information on the following pages.

ABOUT US

ABOUT | US

Interconnection Consulting is a Vienna-based market intelligence company with its own event division. Since 2019, we have been organising larger business events and congresses with a BRANCH focus and on MANAGEMENT topics. Our two-day BRANCH events place a clear emphasis on the areas of innovation, market development, strategy, digitalisation and communication. Parallel to the presentations by leading representatives of the respective industries and external experts, discussions, an award ceremony and a closing event are organised.
